WAYS TO SUPPORT LANDOWNERS AFFECTED BY AMEREN'S POWER LINE

Neighbors United Against Ameren's Power Line oppose Ameren's newly proposed high-voltage line, The Mark Twain Transmission Line. The 100 mile line would cross through 1,800 landowner's properties, none of whom have been asked permission or given a say.

- 1 Contact Ameren's representative Jennifer Berry at 888.340.6640 or marktwaintransmission@ameren.com and let them know that Missouri neighbors say **NO** to the Mark Twain Transmission Line.
- 2 Find and follow our Facebook group **Neighbors United Against Ameren's Power Line** and spread the word to your friends and community online.
- 3 Ask your church to please hold all who are effected in loving thought and prayer. Many are feeling helpless and are despairing.
- 4 Post a sign in your yard to show your support. If you are interested in a sign, email noamerenpowerline@gmail.com
- 5 Contact your representative and ask them to stand with effected Missouri farmers and landowners in saying **NO to Ameren**.

REASONS TO SAY **NO** TO AMEREN'S HIGH VOLTAGE POWER LINE

- 1 Ameren doesn't give Missouri home and land owners a choice about where the power line goes through their land.
- 2 Home and land values will likely drop when high-voltage lines run through them.
- 3 Missouri tax payers are footing 8% of the project cost while Ameren makes all the profit.
- 4 Multiple proposed routes pit neighbors against neighbors, and family against family. We stand together in saying, **NOT on my land, NOT on your land!**
- 5 Land owners have been given only a few months notice before the route is selected. We've had this land for generations. Can they take it away in a matter of months?
- 6 Living near high-voltage power lines has been linked in studies to a number of bad health effects, including increased risk of childhood cancer. **NOT our children, NOT our elders!**
- 7 The power line construction process clears a 150ft belt of land and digs 25ft deep holes that will disrupt farming and hunting.
- 8 Ameren is a Fortune 500 corporation, we are ordinary citizens fighting to hold onto our land. Please join with us!
